Medicaid Waivers Indiana's Aged and Disabled (A&D) and Traumatic Brain Injury (TBI) Waivers

What are Medicaid Waivers?

Waivers are a part of the federally and state funded Medicaid program that provides for reasonable and necessary medical care for persons meeting eligibility requirements. Waivers provide funding for children and adults with disabilities to receive support and services in the home and community rather than in an institutional setting. Indiana has two different types of home and community-based waiver programs, medical and developmental. The type of waiver for children and adults whose needs are primarily medical in nature is called the Nursing Facility (NF) Level of Care or Medical Model Waiver. There are two Indiana Medicaid Waivers requiring NF Level of Care – the Aged and Disabled (A&D) Waiver and the Traumatic Brain Injury (TBI) Waiver.

How is Eligibility Determined?

To be eligible for the A&D or TBI Waiver an individual must need Nursing Facility level of care, meaning the person would be at risk of being placed in a nursing facility without the services provided by the waiver. The level of care need is determined by the Area Agency on Aging based upon a physical examination and physician's recommendation of home and community-based services. To be eligible for the TBI Waiver, a person must also have a diagnosis of traumatic brain injury. Age is not an eligibility determinant for either of these waivers. Family income and assets are NOT considered when determining Medicaid eligibility for a child under the age of eighteen who is also applying for a waiver.

How do I Apply for a Waiver?

If you think your family member may be eligible for a Nursing Facility Level of Care Waiver you can apply by calling the local Area Agency on Aging (AAA) for an application. See the state map at the link below or call 1-800-986-3505 to identify your local office. Applicants will be assigned a case manager who will assist you in completing an Application for Long-Term Care Services. You may apply for one or both of the waivers, as appropriate. If there are no slots available on the waiver, the applicant will be placed on a waiting list.

How Long is the Waiting List?

There may be a waiting list for the A&D and TBI Waivers. Waiting lists change often. To help you track your wait you may periodically ask your local AAA office what date of application is currently being served.

What do I Need to do to Stay on the Waiting List?

You will need to update your local AAA whenever your contact information, including phone or address, changes. If you move to a different area of the state, ask that they assist you in transferring your application to your new local office. As long as you remain in Indiana you will not have to reapply. It is advisable to contact the AAA office once a year to update and confirm your contact information. Keep a copy of your dated waiver application and any other correspondence with your AAA office for your own records.

Apply for a Waiver

At your Local Area Agency on Aging (AAA) Office. To find your local office, call

What other Community-Based Services are Available?

Indiana's Area Agencies on Aging (AAA) provide case management, information, and referrals to various services for persons who are aging or developmentally disabled. There are other programs and services for which you might be eligible. Additionally, you may be eligible for more than one type of waiver. Apply for all waivers for which you may be eligible. To learn about the other types of home and community-based waivers in Indiana, please refer to our fact sheet on Indiana's Family Supports Waiver & Community Integration Habilitation Waivers.

Where to get more Information:

The local AAA office is the point of entry for Nursing Facility Level of Care waivers and can answer questions about those waivers. To contact the AAA nearest you (see interactive map available at <http://www.in.gov/fssa/da/3478.htm>) or call toll free 1-800-986-3505.

The Division of Aging (DA) is a part of the Family & Social Services Administration. DA implements the Nursing Facility Level of Care Waivers and other community-based services for people who are elderly and/or have disabilities. DA Website: <http://www.in.gov/fssa/2329.htm>

Note: Upon receipt of the waiver, a service plan aligning with the participant's needs and level of care will be developed by care manager and participant. The participant has the right to choose all providers who render care, including the care management company.

Additional Community Resources:

- The Arc of Indiana, <http://arcind.org/> or 1-800-382-9100, provides information on legislative and administrative efforts related to the waivers.
- About Special Kids, <http://www.aboutspecialkids.org/> or 1-800-964-4746, offers professionals and families with special needs access to information and resources about a variety of topics such as health insurance, special education, community resources and medical homes.
- Family Voices Indiana (Indiana's Family-to-Family Health Information Center), <https://www.fvindiana.org/>, is available to help answer your questions about waivers and provide support as you navigate the process. This assistance is free and available in all parts of the state, call 1-844-323-4636 and ask to speak to a specialist in your area.

Programs and systems change often. It is important to ensure that you are using the most current information. This fact sheet was updated May 2021. Please check http://fvindiana.org/fact_sheets for the most recent edition.
